BEAUTIFY THE WORLD WITH STYLE

## ABOUT US

# Beautify The World With Style

At present, Kingdomfloor is ranked as one of the leaders in vinyl flooring in China both in terms of production capacity and in terms of product quality.

### INDUSTRY LEADER

Kingdomfloor has been involved in the manufacturing and exporting vinyl flooring since 1992. With its technically advanced production equipment, professional technical staffs and experienced sales team, Kingdomfloor has maintained its position at the forefront of the vinyl flooring business.

### POWERFUL

Kingdomfloor has to date invested a large amount in its production facility, covering a land-area of about 120,000 square meters and 8 LVT production lines, 15 SPC production lines, 6 WPC production lines. The annual production capacity reaches 45 million square meters.

### BEST SUPPLIER

Kingdomfloor has both normal series for residential use and luxury series for commercial use. With authentic looks of wood planks and stone tiles. Kingdomfloor makes each individual tile and plank as a piece of art with emotion of life. Till now, Kingdomfloor has exported to more than 30 countries such as USA, Canada, Germany, UK, Austria, etc. and has a proven reputation.

Kingdomfloor is willing to be your potential and best supplier, and will be very appreciative to receive any inquiries from you. The motto of Kingdomfloor is "Beautify the world with style!"

**Kingdomfloor  
Paves The Future Of The  
World With You**

# Leave The Forest To The Nature & Let The Human Enjoy The Green World

## WE CHERISH MORE TO THE ENVIRONMENT

We insists to our enterprise mission of leaving the forest to the nature and let the human enjoy the green world, no forest destroy, no environment pollution while to offer the world with healthier, more environmental friendly floor coverings.

## WE CONCERN MORE WITH YOUR HEALTH

As for the safety of the floor covering, from the raw material to the production process, be rest assured that Kingdomfloors will never add any harmful ingredient to ensure the safety of the floor piece.

## WE TAKE GLOBAL CERTIFICATES AS DUTIES

LVT, WPC, SPC and ESPC product from Kingdom-floor has already got many certificates such as Floorscore, ASTM,TUV and CE. All the raw materials we used in production processes and its effect to the environment are open to all.

BEAUTIFY THE WORLD WITH STYLE

Live With  
Ingenuity

## NATURE

Getting Inspiration From The Nature

Our design search for the inspiration from the Nature. We have elegant wood design and exquisite stone designs. You could feel the wood texture and knots with our EIR embossing surface.

## TREND

Beyond Imagination ,Pursue Individualism

Combination of parquet design, mixed color, herringbone, random widths.. seeing the fashion from the floor design and making your own DIY fashion space

## AESTHETICS

Ground Is A Kind Of Aesthetics

Authentic nature designs, the integral unity of layout and take aesthetic control of the space into consideration, those give birth to a magnificent chapter of art on the ground.

Burning cigarette test	EN1399:1997 Method B	Rating 3: Moderate change of gloss and moderate brown stain
Utilization		Recyclable

## MOST POPULAR-SPC

SPC is a particularly new product in the flooring industry. It not only gathers most of the current flooring material, but also provides better performance of being water-proof, rigid, dimensionally stable, and relatively environmentally friendly. Thus it can be safely used in areas with sustained exposure to moisture, such as bathroom, laundry room and kitchen. With good rigidity, SPC provides a quieter, warmer vinyl flooring with a cushioned backing attached, thus eliminating the imperfections from the subfloor which is normally transferred through LVT. SPC is available with locking system.

# HIGH-END - WPC

WPC is a collection of Acoustic Vinyl CompositeCore click product, which is a new revolution of LVT. It is a perfect alternative to LVT or laminate flooring. It is an engineered flooring product that consists of a lvt top layer, compositecore and cork backing with click system. With vinyl on top, it provides a durable and resilient performance; Compositecore is an extruded layer which is waterproof with excellent dimensional stability; and cork backing ensures superior sound insulation performance.

## EVOLUTION-ESPC

Engineered Solid Plastic Composite(ESPC) combines advantages of both SPC and LVT, it remains the excellent dimensional stability, being water-proof , rigid of SPC,but also provides softness of LVT.With IXPE cushioned backing, ESPC provides a quieter, warmer vinyl flooring. ESPC is available with locking system and EIR embossing.

# HERRINGBONE

## Unique Zigzag Craft

Herringbone flooring is a pattern produced by alternating rows of strip flooring with an elegant, upscale flooring style. The zigzag-style pattern that a herringbone layout creates is incredibly eye-catching, and when you use high-quality flooring, this design can easily make a room stand out. With I4F new click system, it spends less effort to install this special flooring.
